**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

After years of confusing contract terms and arbitrary price changes from big cable internet providers, I was thrilled when Sonic fiber internet came to my neighborhood and switched as soon as I could. Their fair prices, excellent service, and straightforward terms were a breath of fresh air. On top of enjoying their top notch internet service, I'm happy to be supporting a growing business that puts its customers first, from how they run their business to their support of privacy rights and commitment to net neutrality. Seeing them lose access to the network elements vital to their service would force me back into having fewer choices with less competition to improve, which is bad for everyone but the biggest telecom and cable giants. Please don't let the largest powers in the internet space decide what's right for all of us.
